1. PURPOSE. To obtain DC PP&O signature on the USMC MAID-P for submission to AR for formal publication.

2. DISCUSSION

a. The MAID-P is directed by the JSCP and replaces the USMC Mobilization Plan dated Feb '99. It is a capstone-style document that provides revised policy and procedures to activate, integrate, and deactivate the Marine Corps Reserve during contingency operations, including US Navy Program 9 support to USMC units. It also includes relevant lessons learned from Operation Iraqi Freedom. The MAID-P focuses on process improvement, and does not represent significant changes to existing Marine Corps policy. It compliments and is intended to be used in conjunction with MCO P3000.18, "Marine Corps Planners Manual".

b. DC PP&O approved the final draft for implementation on 8 Oct 04 (route sheet at **TAB A**). This allowed use of the MAID-P for OIF 04-06-1 while AR conducted technical review and correction of administrative errors.

3. COORDINATION. All appropriate commands/organizations have reviewed at the GO-level and concur with the MAID-P as written. See "Coordination Page" at **TAB B**.

4. RECOMMENDATION. That DC PP&O approve the USMC MAID-P by initialling this Route Sheet [above, left], and signing the cover letter as indicated at **TAB C**.
