OFFICER SAFETY Document Found at Occupy Event “When Should You Shoot A Cop?”

Posted on the Occupy Phoenix Facebook site, this photo had the caption: “Back at Cesar Chavez Plaza.....currently being occupied by the police? They are the 99% too.”

Copies of an “informational” letter were left on a table for protestors pick up and read during the “**Occupy Phoenix**” event at Cesar Chavez Park. The presence of the letter was reported to the ACTIC by a Maricopa County Sheriff’s Deputy who had responded to an unrelated call and was alerted to it by another deputy working the event.

This letter is blatantly anti-government and anti-law enforcement in nature. It not only condones but even encourages citizens to kill any “government agent” (i.e. law enforcement officer), who in their perception violates their rights. Examples are given in the document, of “illegal” search and seizure, sobriety and border checkpoints, airport security, etc... In essence

this document states that citizens have the right and moral obligation to resist any action by law enforcement that is viewed as a violation of the citizen’s rights, and often-times resistance involves killing officers.

“Occupy” events have drawn protestors for various causes including “Chalk the Police” and “Police Brutality Day”. With emotions high in regards to law enforcement and government personnel, there is obvious concern this document could incite actions with protestors to take actions they might not have taken otherwise.
