PROTESTS OF BP IN FLORIDA

The following scheduled protests are a part of "Seize BP Week of Action", which are demonstrations that are being held throughout the country between 3 June and 10 June 2010. The purpose of the protests is to convince the United States government to seize BP's assets and to "ensure justice" for all of the devastation that has been caused in the Gulf of Mexico from the disaster of the Deepwater Horizon.

The following information on Florida's protest locations was collected through open source research from the movement's website, seizebp.org:
